

Astrological Remedies For Career Advancement

A good career or a satisfying job is one of the most essential ingredients for a happy and effective life. A successful career is a major requirement of everyone's professional trajectory. A career brings you a name, fame, success, and wealth. It becomes such an important part of your life. Your entire livelihood depends on what career you choose for yourself. In today's world, it is not easy to get the job you want or desire. The reason for this is increasing competition and conflict.

According to the [Career Report](#), life is not a bed of fragrant roses but is full of challenges. You should make provisions to secure your dream seat. You are preparing yourself, honing your intellectual skills, and improving your mental capacity. All this, to build a successful career for yourself. Many factors are responsible for your success. When you are confident about your abilities, or you have doubts, some simple astrological remedies or tips will boost luck in your career with a positive sound of success in all your endeavors.

Astrological Factors Responsible For Failure Or Success In Your Job/Business

Career setbacks and obstacles are serious setbacks in a person's professional life. The person may feel mentally disturbed. They are afraid of taking risks and often face financial crises. There can be many reasons for someone's career graph to be at a low level. However, astrology has the answer to all career prospects and time problems. It also suggests solutions to avoid and reduce those problems.

The positions and forces of planets often produce yogas and dashas. Some of these are favorable for career advancement while some cause adverse situations. This is the reason for the ups and downs in my career.

An auspicious position of planets in the tenth house will give good results. This would be in terms of getting a good job or a promotion or even a salary increase. There is also a possibility of financial gain in business. At the same time, if the planets in the tenth house of career are weak or in a bad position, then it can have negative consequences like delay in getting a job, delay in promotion, failure or obstacles in the job or business, etc.

Astrological Remedies To Get A Promotion In A Career

- A person trying to get a promotion in the job should first chant mantras related to the tenth house. You can [talk to astrologers](#) to find a suitable mantra to please the tenth house and its lord.
- Things can get even worse for you when multipolar planets are bringing you trouble. In such a situation, the best solution is to perform Navagraha Havan. A person should perform Havan at his own home.
- To remove negative energy from one's life, if not Navagrah Havan then one can also perform Navagrah Abhishek in the temple. Both these havans not only provide promotion in jobs but also provide relief from the ill effects of Rahu-Ketu.
- The next astrological solution for promotion in the job is to offer water to the Sun God at the time of sunrise and while doing so, chant Gayatri or Surya Mantra – “Om Pushne Namah”. The rays emanating from Lord Surya act as purifiers and give strength to a person to fight the difficulties in life.
- If you are not getting a job then you should light an oil lamp in a Shani temple on Saturday. Chanting Shani Mantra is also advised. Chanting

Shani Mantra curbs the bad effects of Shani, the planet Saturn is the main controller of your progress in life.

- If you are a businessman and are not able to earn profit in this then Vyapar Vriddhi Yantra can prove to be a boon for you. With the positive effect of this Yantra, you can get financial benefits as well as get rid of any kind of financial crisis.
- According to Vastu Shastra, the north direction of home or office is related to growth in career and business. Therefore, special attention should be paid to the north direction. Always keep water containers, fountains, or aquariums in the north direction. Apart from this, having a picture with an abundance of blue or black colors will also be very beneficial for your career.

Astrological Connection To Your Job Or Business:

According to Vedic astrology, two houses are responsible for the career graph of any person – the 10th house and the 7th house. The tenth house is for job or business-related activities. The 7th house represents professional partnerships, professional image, public appearances, and career-related travels and tours.

In Vedic astrology, the main planets that bring success in one's efforts as well as in job or business are the Sun, Mars, Mercury, and Jupiter. All these planets are together and separately. This helps you achieve success and recognition in your professional work.

The Sun represents ambitions and goals. It also symbolizes authority, and power and shows high status and strong willpower. Mars represents physical energy and inspiration. It also provides passion, enthusiasm to work hard, and self-confidence to the natives. Mercury is the planet of intelligence and intellectual mind. It shows analytical power and understanding. Jupiter gives good opportunities in jobs or business. It is the planet of knowledge and wisdom.

Conclusion

People often remain worried about not getting career advancement and job promotion despite hard work. Many solutions have been suggested in astrology.

According to belief, following these measures leads to career advancement, job promotion, and success in competitive examinations.
